PSSL MONTHLY COMPETITION

Capture This! - is the monthly photographic competition conducted by the PSSL for its membership, with the intention of providing a platform to develop photographic skills of its membership in a competitive environment working to a set assignment theme or topic, leading to annual awards. Winners are selected in three categories monthly, thematic assignment, open and wildlife. Thematic assignment and open categories are divided to color and monochrome, making a total of five sections to compete. The Monthly competition will run from November to October next year.

Winners of each months competition in all five sections will be judged by a panel appointed by the PSSL Executive Committee, who will evaluate submissions which have been accepted (based on the current entry rules and guidelines) and on the strength of each submissions conformance or relevance to the topic / theme or sectional requirements, its technical execution, photographic impact and artistic expression.

Winning entries as adjudged by the panel will be awarded points on a scale of 1 to 5 and each entrant will accrue points obtained monthly for the annual awards at the annual PSSL International Exhibition. Members who have accrued the three highest total points in each section at the end of each year's calendar will receive Gold, Silver and Bronze medals at the annual event.

As evident from the title for the competition, the thematic assignment section requires members to submit images for the assignment fitting into a theme or topic given for the month. While there is no restriction currently to prevent images, which are not specifically captured for the competition being submitted as long as they fit the topic or theme, members are encouraged to make use of these monthly topics and themes to improve their skills by capturing images specifically for the competition. Any image worthy of being submitted for the open sections may be submitted by the entrants.

Topics or Themes for the monthly thematic assignment category will be announced from time to time, and in advance. A brief explanatory note of the expectations, interpretations and limitations will be provided. Entry Rules and Guidelines for entries for the competition are given below. Entrants are required to abide by these.
